General Information

Overview

- In accordance with School Board Policy 2340 (see page 3) field trips should supplement and enrich classroom procedures by providing learning experiences in an environment outside the schools, arouse new interests among students, help students relate school experiences to the reality of the world outside of school, bring the resources of the community - natural, artistic, industrial, commercial, governmental, educational - within the student's learning experience, and afford students the opportunity to study real things and real processes in their actual environment.
- A school-sponsored field trip is recognized as one that **1)** meets the criteria specified in School Board Policy 2340; **2)** is properly authorized by the school principal, other Miami-Dade County Public Schools (M-DCPS) administrator, and/or the School Board, as applicable; and **3)** generally transpires during the course of the regular school year.
- Trips should be planned so that students are not absent from school. In the event this is not possible, absences shall be limited to the least number of school days possible.
- Only the sponsor, chaperones, support staff (i.e., interpreters for deaf and hard of hearing, one to one para, nurse) and students on the field trip roster may participate in a field trip. **No other persons may travel with the group or participate in the field trip.**
- **Additional personnel such as a one to one Para, Nurse, Interpreter for the Deaf and Hard of Hearing are not to be counted as chaperones; however, they are responsible for supervising the student to which they are assigned.**
- Provisions must be made for the proper supervision of students by school employees. Volunteers are permitted to assist in such supervision as long as they have been cleared by the M-DCPS School Volunteer Program at Level I or Level II as appropriate for the trip. (See Chaperone/Volunteer information for details, page 9.)
- All chaperones must be at least 21 years of age and cleared as school volunteers at the level appropriate for the trip. (See Chaperone/Volunteer information for details.)
- The adult/student ratio shall be a minimum of 1:15 or less.
- If a student group has members of each sex then chaperones of each sex should accompany the group.
- Guidelines established by travel agencies for issuing scholarships to students and gratuitous tickets to parent chaperones for approved field trips must be strictly adhered to by the sponsor, principal, and Region staff.

- School-sponsored trips involving students traveling by air must be with an FAA-certified air carrier. All trips that involve transporting students by water must be approved by the Department of Safety and the Office of Risk Management. (See FM-6614 for information and details-page 49.)
- Students must have valid health insurance when traveling out of the country.
- Trips must not vary from approved itinerary except in the event of an emergency. An alternate plan should be devised for use in a situation that would create a disruption of the normal itinerary/routine.
- The sponsor should personally check each hotel room with the hotel representative to assess for additional charges, etc., at the time of check-out for overnight trips.
- **Students are not permitted to transport other students on field trips.**

2340 - FIELD AND OTHER DISTRICT-SPONSORED TRIPS

Field trips should supplement and enrich classroom procedures by providing learning experiences in an environment outside the schools, arouse new interests among students, help students relate school experiences to the reality of the world outside of school, bring the resources of the community - natural, artistic, industrial, commercial, governmental, educational - within the student's learning experience, and afford students the opportunity to study real things and real processes in their actual environment.

A field trip is any planned journey by one or more students away from District premises which is an integral part of a course of study and is under the direct supervision and control of an instructional staff member or any advisor designated by the Superintendent.

Other District-sponsored trips are defined as any planned, student-travel activity approved as part of the District's total educational program and is under the direct supervision and control of an instructional staff member or any advisor designated by the Superintendent.

The School Board does not endorse, support, or assume liability for any staff member, volunteer, or parent of the District who takes students on trips not approved by the Board or Superintendent. No staff member may solicit District students for these trips within the facilities or on the school grounds of the District, and may not use District field trip forms, without permission from the Superintendent. Permission to solicit neither grants nor implies approval of the trip. Approval must be obtained according to the District's administrative procedures.

The Superintendent shall prepare administrative procedures for the operation of both field and other District-sponsored trips, including athletic trips, which shall address:

- A. the safety and well-being of students;
- B. parental permission is sought and obtained before any student leaves the District on a trip;
- C. proper planning of each trip, and that a field trip is integrated with the curriculum, evaluated, and followed by appropriate activities which enhance its usefulness;
- D. the effectiveness of field trip activities judged by demonstrated learning outcomes;
- E. proper supervision of students by school employees;

Parents are permitted to assist in such supervision, if appropriately approved as volunteers (Policy [2430.01](#)). The adult/student ratio shall be 1:15 or less.

- F. student behavior while on all field trips complies with the Student Code of Conduct and on all other trips complies with an approved code of conduct for the trip;
- G. a copy of each student's Emergency Medical Authorization Form is in the possession of the staff member in charge;
- H. provisions have been made for the administration of medication to those students for whom medications are administered routinely while at school;
- I. provisions have been made at the trip destination and in transportation, if and when required to accommodate students and/or chaperones with disabilities.

An instructional staff member shall not change a planned itinerary while the trip is in progress, except where the health, safety, or welfare of the students in his/her charge is imperiled or where changes or substitutions beyond his/her control have frustrated the purpose of the trip. When alteration of the itinerary is necessary, the instructional staff member in charge shall notify the administrative superior immediately.

School-sponsored trips involving students traveling by air must be with a Federal Aviation Administration certified air carrier.

School-sponsored trips involving students traveling by ship must be with a carrier certified by the U.S. Coast Guard.

School-sponsored trips involving students traveling by train must be with a carrier certified by the Federal Railroad Administration.

School-sponsored out-of-state trips involving students traveling by bus must be with a carrier certified by the Bureau of Motor Carrier Safety. Local and intrastate trips involving students traveling by bus must comply with Florida law and Board policies.

In the planning of field trips, absences from school should be restricted to the least number of school days possible. The educational purpose and length of the field trip must be approved by the principal. Provisions for students to make up assignments for classes missed due to participation in field trips must comply with procedures outlined in Policy [5200](#).

Students shall not be denied the privilege of participating in a field trip because of financial need. A roster is to be submitted along with the field trip application request that includes the names, addresses, and telephone numbers of all students who are eligible to participate in the field trip regardless of the student's decision to participate in the trip. Clubs and/or organizations shall provide funds from fund-raising activities to assist students with demonstrable needs. Provisions shall be made, when necessary, to finance the field trip through fund-raising activities. Those students participating in the fund-raising efforts shall receive commensurate credit toward the trip.

Permission for students to participate in any of the following events within the State may be granted by the principal:

- A. scheduled Florida High School Athletic Association events;
- B. scheduled vocational student organization events;
- C. scheduled interscholastic athletic events.

Requests for student groups other than those indicated above or pre-approved by the Board to leave the county for events, shall be directed by the principal to the Region Superintendent for approval or disapproval prior to the formulation of plans for the trip.

An ad hoc task force consisting of a representative from the Miami-Dade Council of Parent-Teacher Association/Parent-Teacher-Student Association, the Family and Community Involvement Advisory Committee, the United Teachers of Dade, Region and District administration, students and principals, will be appointed annually, by the Superintendent, or his/her designee, to develop a list of recommended out-of-county and out-of-state trips for submission to the Board for action prior to the 1st of September. Approval of this list by the Board would permit students to participate, providing the trip is recommended by the principal. All other out-of-state and out-of-country trips will require specific Board approval and shall be directed to the Superintendent and include the recommendation of the Administrative Director of the Division of Athletics/Activities and Accreditation.

Field trip requests to be approved by the Board may be submitted to the Administrative Director of the Division of Athletics, Activities and Accreditation at any time, but no later than thirty (30) school days before the Board meeting prior to the anticipated trip. In cases of emergency the Board may, upon request, permit exceptions to this requirement.

F.S. 1001.43

8640 - TRANSPORTATION FOR FIELD AND OTHER DISTRICT-SPONSORED TRIPS

Regular or special-purpose school vehicles shall be used for transportation on field and other District-sponsored trips. These vehicles shall be owned or approved by the District and driven by approved drivers.

School-sponsored trips involving students traveling by air must be with a Federal Aviation Administration certified air carrier.

School-sponsored trips involving students traveling by ship must be with a carrier certified by the U.S. Coast Guard.

School-sponsored trips involving students traveling by train must be with a carrier certified by the Federal Railroad Administration.

School-sponsored out-of-state trips involving students traveling by bus must be with a carrier certified by the Bureau of Motor Carrier Safety; local and intrastate trips involving students traveling by bus must comply with Florida law and School Board policies.

All field trips shall be supervised by members of the staff. Any time students are in the vehicle, at least one (1) staff member or chaperone is also expected to ride in the vehicle to supervise students upon return to the District and while they are waiting for rides home.

All students are expected to ride in the approved vehicle to and from each activity. A special request must be made to the principal by the parent, in writing or in person, to allow an exception.

District students not affiliated with the trip activity, nondistrict students, and/or children of preschool age shall not be permitted to ride on the trip vehicle.

No student is allowed to drive on any trip. An exception may be made by the principal on an individual basis provided the student has written parental permission.

MEMORANDUM

October 6, 2003

TO: Mercedes Toural, Chief Education Officer and
Deputy Superintendent of Schools

FROM: Board Attorney's Office

RE: **LEGAL OPINION REGARDING FIELD TRIPS**

By memorandum dated September 3, 2003 (copy attached), you have asked a series of questions seeking clarification about whether or not schools may conduct field trips when students are out of school during the summer and not attending summer school. Our research indicates that the rules and procedures governing field trips in the summer are the same as those for field trips during the school year. Also attached is a copy of School Board Rule 6Gx13-6A-1.22 and M-DCPS Field Trip Procedures 2002-2003 prepared by School Operations that may provide additional guidance in answering most of your questions.

Your questions are presented and answered as follows:

- 1a. **May a school site administrator approve a field trip during the summer months when school is not in session? (This excludes J.R.O.T.C. programs, since it is a requirement by the military service that program participants attend summer training camp.)**

We interpret the term "school site administrator" to be limited to the school principal. Accordingly, school principals may approve certain field trips. Other types of trips require additional approvals from the ACCESS Center Director, the Superintendent and/or the School Board depending on what type of trip it is and where the students will be going. The procedures for all types of trips, whether school is in session or not, i.e., in-county, out-of-county, in-state, out-of-state, and out-of-country, are outlined in School Board Rule 6Gx13-6A-1.22 and the Field Trip Procedures.

- 1b. **If the answer to 1a. is no, then does this also preclude coaches/sponsors of teams or clubs from taking students on their own and possibly using internal accounts from their school to attend summer camp/tournament activities?**

We have not found, nor has any authority been brought to our attention, that authorizes coaches and sponsors of teams or clubs to take students on their own to attend summer camp and tournament activities utilizing school district funding. If they do so, without going through the proper procedures as mandated by School Board Rule 6Gx13-6A-1.22 and the Field Trip Procedures, they risk personal liability for acting outside the scope of their authority as school district employees.

2. **When summer school is in session, may a student who is enrolled in the school, but not attending summer school, participate in a school sponsored field trip?**

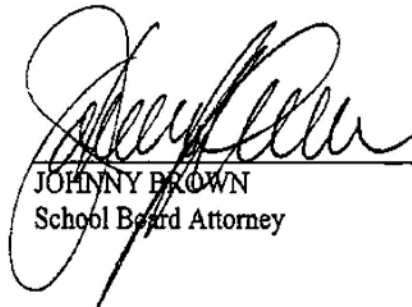

This is an administrative decision. We find no legal impediment to allowing a student who is enrolled in the school but not attending summer school to participate in a school sponsored field trip during the summer school session.

3. **May a student who graduated in June from a Miami-Dade County Public School high school participate in a summer field trip in order to compete at a culminating national level competition? Currently, the district permits summer trips for culminating national level competitions. Graduating twelfth grader(s) who participated with the competing group during the school year (e.g. vocational, drama and debate competitions) were also allowed to participate.**

The answer is in the affirmative.

4. **During the summer may a school site administrator permit student(s) enrolled in their school, but not enrolled in summer school, to attend a student exchange program in another state or country?**

See answer to Question #2.

Approval Process

Approving Field Trips

- Requests for in-county field trips should be processed a minimum of two weeks prior to the scheduled date of the trips with final approval or disapproval being granted by the school principal.
- Permission for students to participate in all events listed on the Florida High School Athletic Association calendar, all Middle School Athletic Program events and all regularly scheduled interscholastic athletic events within the state, may be granted by the school principal. When sleeping arrangements or hotel accommodations are required, there must also be Region approval. School sites and Region offices are not held to the minimum of two weeks prior notification for athletic events.
- A committee will be appointed annually by the Superintendent of Schools to develop a list of recommended out-of-county/state trips for submission to the School Board for approval. Approval of this list by the School Board permits students to participate, providing the trip is recommended by the school principal. All other out-of-state trips (not pre-approved) will require specific School Board approval and shall be directed to the Superintendent of Schools, and shall include the recommendation of the Region Superintendent.
- Requests for student groups to leave the county for events not pre-approved by the School Board shall be directed to the Region Superintendent for approval or disapproval prior to the formulation of plans for the trip. (NOTE: FHSA events are pre-approved by the School Board – see page two of *Field Trip Request Packet* FM-2431 (Rev. 09/12), pages 34-42.

Transportation

Transportation

Private Vehicle Use

The use of private vehicles for transportation of students is discouraged. When use of privately owned cars is absolutely necessary, there must be: (1) signed parental consent on the parental permission form; (2) approval by the school principal in writing on the prescribed form specifying: date of use; points of departure and return; name of vehicle owner; owner's insurance coverage; and the amount of any compensation to be paid by the school. **Additionally, students are not to transport other students.**

Only school-site employees and cleared (Level I or II) volunteers may transport students on field trips when the following procedures are followed:

1. *Request for Approval to Use Private Vehicle for Transporting Students* (FM-6298), page 45 is completed.
2. A copy of the employee/volunteer's driver's license and insurance information is submitted with FM-6298 for verification.
3. The vehicle meets the Federal Guidelines for transporting students (1006.22, F.S.). (See below.)
4. The school principal has approved the use of the private vehicle, indicated by his/her signature on FM-6298.
5. Only the vehicle and driver approved by the school principal on FM-6298 may be utilized.

According to Florida State Statute 1006.22, "When approval is granted for the transportation of students in a privately owned vehicle, the provisions of s. [1006.24](#) regarding liability for tort claims are applicable. District school board employees who provide approved transportation in privately owned vehicles are acting within the scope of their employment. Parents or other responsible adults who provide approved transportation in privately owned vehicles have the same exposure to, and protections from, risks of personal liability as do district school board employees acting within the scope of their employment."

Florida law has been amended to permit the transportation of students in multipurpose vehicles (MPVs) such as vans and minivans, subject to certain requirements and exceptions.

Specifically, Section 1006.22, "When the transportation of students is provided as authorized in this subsection, in a vehicle other than a school bus that is owned, operated, rented, contracted, or leased by a school district or charter school, the vehicle must be a passenger car or multipurpose passenger vehicle or truck designed to transport fewer than **10** students. Students must be transported in designated seating positions and must use the occupant crash protection system provided by the manufacturer unless the student's physical condition prohibits such use."

In addition to private passenger vehicles, minivans, and approved yellow school buses, some sport utility vehicles are authorized for use in a school function or event under the following conditions:

1. The function or event is a single event that is not part of scheduled services or a sequence of events to the same location.
2. Transportation is not available, or use of a school bus is not practical.
3. Each student's parent or guardian is notified in writing and written consent is given before a student is transported in any privately owned vehicle.
4. The sport utility vehicle (SUV) has a wheelbase greater than 110 inches. Consult Risk Management at 305-995-7133 for further information.

Rental Vehicle Use

- When a vehicle is rented to be used to transport students on any field trip, the *Request for Travel Expense Advance/Reimbursement* (FM-1104) must be submitted for approval by the Principal and the Region.
- All rental vehicles must meet the same safety guidelines as specified in the Private Vehicle Use section (above).
- The rental company must be a M-DCPS approved vendor.
- When renting a vehicle for field trip use, schools may wish to consider renting a vehicle from Avis under the state contract. Schools are allowed to use purchase orders for rentals under this contract. Financial Guidelines

Financial Guidelines

- All money collected from students and/or revenue generated from student club activities will be submitted to the school treasurer to fund school-sponsored field trips accounted for through the school's internal fund.
- Members of school-allied organizations may not independently collect and deposit money from students in their organization's checking account to subsequently pay for a school-sponsored field trip.
- At the principal's discretion, members of school-allied organizations may be allowed to assist school staff in collecting money from students for school-sponsored field trips as long as Internal Fund procedures are adhered to and all collections are submitted to the school treasurer for deposit.
- School-allied organizations are welcomed to make monetary donations to the school, accompanied by a donation letter specifying the intent to fund entirely or partially subsidize the cost of school-sponsored student field trips; however,
 - All field trip arrangements (i.e., transportation, admission, lodging, etc.) and respective payments for school-sponsored student field trips must be made by the school in accordance with all applicable School Board policies and procedures.
 - School-allied organizations may **not** independently make travel arrangements or respective payments to vendors for school-sponsored field trips.
- The amount collected from students for a field trip must only include actual expenses for the trip (i.e., admission fees, transportation, lodging, when applicable), including a provision to cover the expenses of chaperones accompanying the students. The amount may be rounded to the nearest dollar, thus preventing excessive balances to accumulate in Field Trip functions as a result of extra charges imposed on students for field trips.
- The number of chaperones for whom expenses may be paid from student funds collected shall be limited to the teacher/chaperone-to-student ratio established by district guidelines stipulated in School Board Policy 2340 - Field and Other District-Sponsored Trips, and the M-DCPS Field Trip Handbook. (The adult/student ratio shall be a minimum of 1:15 or less)
- At the principal's discretion, senior high school students only may be authorized to conduct up to two (2) out-of-county field trips each fiscal year as fundraising activities by collecting an extra set charge per student for attending. The proceeds resulting

from the extra amount collected for these field trip “fundraisers” are to be used specifically towards defraying the cost of senior class activities (i.e., prom, Grad Nite/Grad Bash, senior class award banquets, etc.) and graduation expenses. The principal must approve the extra amount collected to ascertain that it is reasonable. All Internal Fund policies and procedures regarding fundraising activities apply to these allowed field trip fundraisers.

- Students shall not be denied the privilege of participating in a field trip or school activity because of financial need. Provisions shall be made, when necessary, to finance the field trip through fundraising activities. At the principal’s discretion, available funds in the General Miscellaneous (0801), General Donations (0812) or Special Purpose (0458), functions may also be used for this purpose.
- When an authorized field trip is scheduled to take place on school grounds, in order to minimize risk to students and reduce cost, the in-house field trip must comply with the following:
 - The in-house field trip must meet educational objectives, be directly related to the curriculum or be necessary to the fulfillment of obligations to the athletic and activity programs.
 - It **cannot** be an entertainment form of event for which admission is charged.
 - If as a result of having the field trip in-house, a vendor will be coming to the school and have access to the school grounds when students are present or have direct contact with students, the vendor will have to meet all the District’s background-screening requirements.
 - Consideration should be given to ensure that the vendor would practice adequate care to avoid injury to students/school personnel or damage caused to the grounds or buildings by their equipment or personnel.
 - The principal or designee must authorize the service to be provided by completing the Agreement Form for Contracted Services (FM-2453).
- The School Board does not endorse, support, or assume liability for any staff member, volunteer, or parent of the District who takes students on trips not approved by the Board or Superintendent. No staff member may solicit District students for these trips within the facilities or on the school grounds of the District, and may not use District field trip forms, without permission from the Superintendent. Permission to solicit neither grants nor implies approval of the trip. Approval must be obtained according to the District's administrative procedures.

- Advance payment of the full amount of a field trip, particularly when the vendor has a “No Refunds” policy, should only be made when the students/participants are notified that advance payment is required and that the vendor has a “No Refunds” policy, when applicable. This notation may be made via memorandum form or on the Field Trip Permission Slip to be signed by the participant and/or his/her parents.

The following pages are from the M-DCPS Manual of Internal Fund Accounting for Elementary and Secondary Schools, Section IV, Chapter 1 – Field Trips.

All policies and procedures must be followed.

I. GENERAL DESCRIPTION

In accordance with School Board policy, SB Rule 6Gx13- 6A-1.22, field trips for students may be permitted as long as these trips **1)** have value in meeting the educational objectives, **2)** are directly related to the curriculum, **3)** or are necessary to the fulfillment of obligations to the interscholastic athletic and activity programs. The district's Division of Full Service Schools issues an annual handbook titled Field Trip Procedures that addresses the School Board's guidelines regarding the approvals, transportation, field trip forms, etc. All schools must obtain a copy of this handbook and comply with the policies and procedures stipulated therein.

All money collected from students, donations received by schools, and student fundraising proceeds raised to cover the costs for participating in school-sponsored field trips must be accounted for in the schools' Internal Fund. This chapter sets forth the accounting policies and procedures relating to school-sponsored field trips.

II. GENERAL POLICY

- A. A school-sponsored field trip is recognized as one that **1)** meets the criteria specified in SB Rule 6Gx13- 6A-1.22; **2)** is properly authorized by the school principal, other M-DCPS administrator, and/or the School Board, as applicable; and **3)** generally transpires during the course of the regular school year.
- B. All money collected from students and/or revenue generated from student club activities to fund school-sponsored field trips must be accounted for through the school's Internal Fund and submitted to the school treasurer to be deposited in the school's checking account.
 - 1. Members of school-allied organizations **may not** independently collect and deposit money from students in their organization's checking account to subsequently pay for a school-sponsored field trip.
 - 2. At the principal's discretion, members of school-allied organizations may be allowed to assist school staff in collecting money from students for

school-sponsored field trips as long as Internal Fund procedures are adhered to and all collections are submitted to the school treasurer for deposit.

- C. School-allied organizations are welcomed to make monetary donations to the school, accompanied by a donation letter specifying the intent, to fund entirely or partially subsidize the cost of school-sponsored student field trips; however,
 - 1. All field trip arrangements (i.e., transportation, admission, lodging, etc.) and respective payments for school-sponsored student field trips must be made by the school in accordance with all applicable School Board policies and procedures.
 - 2. School-allied organizations may not independently make travel arrangements or respective payments to vendors for school-sponsored field trips.
- D. The amount collected from students for a field trip must **only include actual expenses for the trip** (i.e., admission fees, transportation, lodging, when applicable), including a provision to cover the expenses of chaperones accompanying the students.
 - 1. The amount may be rounded to the nearest dollar, thus preventing excessive balances to accumulate in Field Trip functions as a result of extra charges imposed on students for field trips.
 - 2. The number of chaperones for whom expenses may be paid from student funds collected shall be limited to the teacher/chaperone-to-student ratio established by district guidelines stipulated in the **Field Trip Procedures Manual**.
- E. At the principal's discretion, **senior high school students only** may be authorized to conduct up to two (2) out-of-county field trips each fiscal year as fundraising activities by collecting an extra set charge per student for attending.
 - 1. The proceeds resulting from the extra amount collected for these field trip "fundraisers" are to be used specifically towards defraying the cost of

- senior class activities (i.e., prom, gradnite/gradbash, senior class award banquets, etc.) and graduation expenses.
2. The principal must approve the extra amount collected to ascertain that it is reasonable.
 3. All Internal Fund policies and procedures regarding fundraising activities apply to these allowed field trip fundraisers.
- F. Students shall not be denied the privilege of participating in a field trip or school activity because of financial need. Provisions shall be made, when necessary, to finance the field trip through fundraising activities. At the principal's discretion, available funds in the Trust Program (5004) Special Purpose (0458) function may also be used for this purpose.
1. At the principal's discretion, the cost of trips to **educational/curriculum related competitions or athletic events in which students participating will do so in representation of the school** may also be paid from available funds in the General Program (5008) General Miscellaneous (0801) or General Donation (0812) functions.
 2. The expenditures that may be paid from these functions **are limited to registration fees, transportation, lodging, and a restricted advance for incidentals, not to include meals.**
- G. When an authorized field trip is scheduled to take place on school grounds, in order to minimize risk to students and reduce cost, the in-house field trip must comply with the following (inclusive of all referenced Board Rules):
1. Meet educational objectives, be directly related to the curriculum or be necessary to the fulfillment of obligations to the athletic and activity programs (see Board Rule, 6Gx13- 6A-1.22, Field Trips),
 2. Cannot be an entertainment form of event for which admission is charged (see Board Rule 6Gx13- 1D-1.07, Entertainment Sponsored by the School or Its Allied Organizations),

3. If as a result of having the field trip in-house a vendor will be coming to the school and have access to the school grounds when students are present, or have direct contact with students, the vendor will have to meet all the District's background-screening requirements,
4. Consideration should be given to ensure that the vendor would practice adequate care to avoid injury to students/school personnel or damage caused to the grounds or buildings by their equipment or personnel.
5. The principal or designee must authorize the service to be provided by completing the *Agreement Form for Contracted Services* (FM-2453) as stipulated on Section II, Chapter 6 of this manual.

Additionally, all the rules regarding field trip funding and collections apply to in-house field trips.

- H. School Board official field trip forms (i.e., *Parent Permission Forms* {FM-4573}, *Field Trip Permission Request Forms* {FM-2431}, or *Field Trip Rosters* {FM-3530}) may only be used for approved school-sponsored field trips that are coordinated and will be paid for from school funds (either from Internal Fund or tax-dollar budget revenue).
- I. When teachers or school staff choose to sponsor/organize trips for students that are not part of the Miami-Dade County Public Schools curriculum, they are acting on their own and outside the scope of their employment. (Refer to the district's Field Trip Procedures Manual and Student Activities Handbook.)
 1. The use of any official Miami-Dade County Public Schools (M-DCPS) forms (i.e., *Parent Permission Forms* {FM-4573}, *Field Trip Permission Request Forms* {FM-2431}, or *Field Trip Rosters* {FM-3530}) by teachers and school staff for trips they are sponsoring on their own is prohibited.
 2. The teacher or school staff organizing the trip must disclose to the participants that they are acting outside the scope of his/her employment, thereby acting independently from the school.

II. GENERAL PROCEDURES

- A. The collection of money for school-sponsored field trips must be performed in accordance with the policies and procedures set forth in **Section II, Chapter 2, Collection or Money** of this manual, and submitted to the school treasurer for deposit in the school's Internal Fund checking account.
- B. The school treasurer will record these collections and related disbursements in the system as follows:
 - 1. In-County Field Trips - such collections shall be posted in the *Trust Program (5004)* using different Field Trip functions, as assigned by the treasurer, for each grade level, team, or class group (*i.e., Field trips 1 can be used for Kindergarten class trips, Field trips 2 can be used for 1st grade class, Field trips 3 can be used for 2nd grade class, etc*). Respective disbursements will be recorded in the appropriate functions accordingly. Available field trip functions for in-county trips include the following:
 - a. Field Trips 1 (function 0415)
 - b. Field Trips 2 (function 0446)
 - c. Field Trips 3 (function 0447)
 - d. Field Trips 4 (function 0448)
 - e. Field Trips 5 (function 0449)
 - f. Field Trips 6 (function 0450)
 - g. Field Trips 7 (function 0451)

(Refer to the *Internal Fund Chart of Accounts* for additional field trip functions that can be activated, as needed, by the district's Internal Fund Accounting Section.)

- 2. Out-of-County Field Trips - such collections will be posted in the *Trust Program (5004)* using different Out-of-County - Field Trip functions, as assigned by the treasurer. Respective disbursements will be recorded in

the appropriate functions accordingly. Available out-of-county field trip functions include the following:

- a. Field Trips A – Out-of-County (function 0546)
- b. Field Trips B – Out-of-County (function 0547)
- c. Field Trips C - Out-of-County (function 0548)

(Refer to the *Internal Fund Chart of Accounts* for additional field trip functions that can be activated, as needed, by the district's Internal Fund Accounting Section.)

3. An adequate description of the collection, which should include the teacher's name and destination, should be entered in the system when posting the transaction, (*i.e., Ms. Smith 2nd grade Seaquarium trip, Mr. Johnson 5th grade MetroZoo trip, etc.*).
 4. When disbursements are recorded in the system, the description must include the name of the vendor for which the payment was issued. The issuing of blank checks to be taken by school staff for payment of field trips is prohibited.
 5. An invoice or paid receipt from the vendor must be kept on file for audit purposes. School employees can be reimbursed, from the respective field trip account, for admission charges paid by them on behalf of students in the event that the school check issued was short of the amount due, and as long as a receipt from the vendor is submitted as documentation. Refer to **Section II, Chapter 5, Disbursement Procedures** of this manual for complete guidelines regarding disbursements.
- C. In cases wherein the cost of the field trip is funded all or in part through fundraising activities, the treasurer will not record fundraising revenue in a field trip function. Instead, the revenue will be recorded as follows:
1. In a Classes and Clubs Program (5003) function applicable to the class or club that is raising the funds for the field trip (*i.e., Team A - function*

[0148], Cheerleaders – function [0082], Student Council – function [0191]).

2. The treasurer may transfer the fundraising proceeds to the respective field trip account and issue all field trip related disbursements from the field trip account **(or)** may post the check to the different functions for the corresponding amounts to be charged to each function.
- D. In cases wherein the cost of the trip is funded by the school from the General Miscellaneous (0801), General Donations (0812) or the Special Purpose (0458) functions, the treasurer will record the expenditures, including those of the faculty/staff sponsor/chaperone, as follows:
1. Expenditures will be recorded in the General Program (5008) School Representation - Students function (0815) when expenditures are subsidized by revenues from the General Miscellaneous or General Donations functions.
 - a. No transfers of funds are necessary to cover the negative balance that will result in function (0815).
 - b. Expenditures incurred for faculty/staff accompanying students on these trips will not apply to the travel amount threshold allocated for administrative professional travel; however, the number of faculty/staff/chaperones accompanying students for whom the school will fund the expenditures shall not exceed the required number according to the teacher-to-student ratio prescribed by district policy in the Field Trip Procedures handbook.
 2. Expenditures will be directly recorded in the Trust Program (5004) Special Purpose (0458) function when expenditures are subsidized by revenues from this function.
- E. For approved in-county/out-of-county student field trips, the following procedures must be followed:

1. Travel arrangements must be made in advance by designated school personnel (*i.e., activities director, club sponsor, team coach, etc.*) in accordance with district policies and procedures set forth in the Field Trip Procedures handbook issued by the Division of Full Service Schools.
2. Payments to vendors for field trip expenses must be initiated via a properly completed *Check Requisition/JV Transfer* (FM-0992) form submitted to the school treasurer and ultimately approved by the principal or his/her designee. The school treasurer is responsible for providing the School Board's sales tax exemption number directly to vendors, when applicable.
3. Payment of registration fees, deposits, or partial payments required by vendors for certain field trips can be made by the school treasurer via an internal fund check. However, advance payment of the full amount of a field trip, particularly when the vendor has a "No Refunds" policy, should only be made when:
 - a. The students/participants are notified that advance payment is required and that the vendor has a "No Refunds" policy, when applicable.
 - b. This notation may be made via memorandum form or on the *Field Trip Permission Slip* to be signed by the participant and/or his/her parents.
4. The faculty sponsor/chaperone must complete a *Travel Expense Report by Faculty When Accompanying Students* (FM-0994) form prior to the trip in the following cases:
 - a. When attending out-of-county field trips with students for school representation purposes (*i.e., competitions, athletic events, etc.*).
 - 1) Reimbursements to faculty/staff for incidental expenses incurred on trips accompanying students may be given as long as adequate supporting documentation (*i.e., vendor*

- receipts, invoices, etc.*) is submitted with the *Travel Expense Report by Faculty When Accompanying Students* (FM-0994) form at the conclusion of the trip.
- 2) Reimbursements must be approved by the principal.
- b. When attending out-of-county field trips wherein a monetary advance is provided for incidental expenses to be paid by the faculty chaperone while on the trip.
- 1) If all expenses for a field trip are paid in advance via school check, this form is not required.
 - 2) Reimbursements to faculty/staff for incidental expenses incurred on trips accompanying students may be given as long as adequate supporting documentation (*i.e., vendor receipts, invoices, etc.*) is submitted to the treasurer at the conclusion of the trip and approved by the principal.
5. Per diem amounts may be provided to students for meals and other anticipated expenses when attending out-of-county field trips when the trip is funded from student fundraising proceeds:
- a. An equal per diem amount per student may be allocated from the balance of available fundraising proceeds after a provision for paying all other expenses has been made. If per diem amounts are not awarded from available fundraising proceeds, the balance in the account will carry over for future use.
 - b. When per diem amounts are given to students, the treasurer must be provided with the signatures of the students acknowledging receipt of these funds. Additional documentation (*i.e., vendor receipts, invoices, etc.*) supporting expenses paid by students from their per diem amounts is not required.

6. At the principal's discretion, advances may be given to faculty staff accompanying students on approved out-of-county school representation field trips to pay for incidental expenses.
 - a. These advances should be given from the available balance of the respective "*Classes and Clubs*" function funding the trip or the *General Program – School Representation/Students function (0815)* when the trip is funded by the school. Advances provided shall not exceed available funds and are limited to \$1,000.00 per trip. When cash advances provided are more than \$500.00, travelers checks should be obtained.
 - b. Adequate documentation (*i.e., vendor receipts, invoices, etc.*) is required to be submitted to the school treasurer to account for the money spent from this advance. Any unspent balance thereof must be returned to the treasurer for deposit into the respective Internal Fund function from which the advance was given.
- F. Refunds to students for field trips that fail to transpire, as applicable, shall be issued by the school treasurer in accordance with **Section II, Chapter 5 - Disbursement Procedures** in this manual under the "*Refunds*" section.
- G. Remaining balances in field trip functions that result **after all pertinent expenditures incurred during the fiscal year have been paid** may be:
 1. Refunded back to students, when practicable
 2. Transferred to a corresponding class/club/team function in the Classes and Clubs Program to be used for the benefit of the students accordingly
 3. Transferred to the General Miscellaneous function for general school use
- H. The school principal must sign the required transfer form before the treasurer can execute the transfer. Authorization, in writing, from the REGION Center Superintendent and the Internal Fund Accounting supervisor must be obtained to transfer balances in field trip functions that exceed \$1,000.00.
